

Handwriting

Selling Your Work · By Simon Townsend · 1 min read

Handwriting . . . sorry, but your handwriting is nearly as bad as mine. Please don't handwrite ANYTHING. Type everything, even short notes. I am so embarrassed about my own scrawly handwriting that you'll notice that I PRINT rather than write in cursive style. When you deal with editors you NEVER handwrite notes. An editor refuses to slow down and work out what's being said in handwriting. Get used to it, please.
